AN OPEN LETTER TO THE BOARD OF LIBRARY COMMISSIONERS

June 17, 2020

To the Board of Library Commissioners, Los Angeles Public Library:

As library patrons, authors, teachers, information workers, students, and members of the Los Angeles community, we are writing to demand that the Los Angeles Public Library terminate their relationship with the Los Angeles Police Department, effective immediately. We are angered by the LAPL's proposal to spend \$10,454,348 on LAPD services—more than 5% of the LAPL's overall budget—a sum which is paid to the police in addition to the 53% of discretionary funds already allocated to LAPD by the Mayor's budget.

Since 2000, 886 people in Los Angeles County have been killed by police. Countless others have been victims of police harassment, violence and intimidation, abuses that are disproportionately inflicted on Black and brown people. The continued occupancy of LAPD and their agents are incompatible with LAPL's stated mission "to provide free and easy access to information, ideas, books and technology that enrich, educate and empower every individual in our city's diverse communities."

Public libraries are among our most valued and vital institutions. LAPL provides crucial resources to the city's most vulnerable populations—youths, students, elders, the disabled, the unhoused, and the undocumented. LAPL facilities must be safe spaces for all Angelenos to read, learn, and access educational services, just as they must be safe workplaces for library staff. LAPL's partnership with LAPD has failed to meet these obligations and, furthermore, the

very presence of LAPD prohibits the security of many patrons and staff members. We demand the implementation of alternative measures that authentically serve the well-being of the entire library community, such as in-house social workers and professionals trained in advocacy and de-escalation.

Over the last few weeks, hundreds of thousands of Angelenos have taken to the streets, joining their many voices into one call: defund the police. There is no ambiguity in their request, nor in their assertion that the LAPD pose a direct threat to human safety. The Board of Library Commissioners is urgently bound to satisfy the peoples' demand and must therefore speedily work to redirect all funds currently allocated for the Los Angeles Police Department towards badly needed services that support, rather than imperil, the lives of its patrons and staff.

Sincerely,
People for a Police-Free Library
